**Subject:** Approved Executive Director Waste Management Authority Job Vacancy Notice  
Executive Director - Vacancy Announcement approved.docx

Hello Judith,

Thank you for sharing the article on permit being pulled on trash burning incinerator.

Last Friday at waste management board meeting board unanimously agreed to scrap the RFP process for waste to energy that I shared with you few weeks ago. Your counsel was very helpful.

Now we have officially approved the job description. We add *"leads efforts in recycling and composting to develop zero-waste operations;"*

I have attached the final job posting. If you can kindly pass this to your colleagues for distribution, it would be appreciated.

I have invited 2 waste management board members who also happen to be Commissioner's ( cabinet members) to meet with you during my appointment with you on April 4th, 6pm.

Looking forward to seeing you on April 4th at the Government House in St. Croix.

Cheers

Harith
